CIRCLES-EVEN ▶ 2", 4", 6", 8"

Nested Dies

FOR
Studio™

MIX, MATCH AND LAYER
FOR A WIDE RANGE OF POSSIBILITIES

Includes: 1 set of die boards with blades for cutting,
and 1 set of foam boards without blades for spacing.
Handle blade boards with care.

Create Full Circles – Even Sizes

How to Cut Full Circles

1. Select circle size.
2. Take the blade board that corresponds with the circle size you wish to cut.
3. Place the blade board in your Studio™ die tray, FOAM SIDE UP.
4. Take the inner foam boards and fill in the center of the blade board.
5. Take the foam board that is one size larger than your blade board and place it as the outer ring.
6. Apply fusible web to fabric if desired. Layer or fanfold your fabric. You can cut up to 10 layers of 100% cotton quilting fabric at a time.

TIPS: Fusible web counts as a ½ layer. Remember to keep the lengthwise grain towards the Studio handle to minimize the stretch of the fabric as it rolls through the cutter.

7. Place your Studio Cutting Plastic on top.*
8. Roll through the Studio™ Fabric Cutter.

Approximate Finished Yo-Yo Sizes: $3\frac{7}{8}$ " , $2\frac{3}{4}$ " , $1\frac{3}{4}$ " , $\frac{3}{4}$ "

How to Cut Circle Rings

1. Select circle ring size.
2. Take the blade boards that correspond with the width of the rings you wish to cut.
3. Place the blade boards in your Studio™ Die Tray, FOAM SIDE UP.
4. Fill in the open area with inner foam boards.
5. Take foam board that is one size larger than your largest blade board and place it as the outer ring.
6. Apply fusible web to fabric if desired. Layer or fanfold your fabric. You can cut up to 10 layers of 100% quilting cotton fabric.

TIPS: Fusible web counts as a ½ layer.

Remember to keep the lengthwise grain towards the Studio handle to minimize the stretch of the fabric as it rolls through the cutter.

7. Place your Studio Cutting Plastic on top.*
8. Roll through the Studio™ Fabric Cutter.

■ Foam Boards
□ Blade Boards

TIP: You can cut multiple ring sizes at one time.
