# accuquilt GO!®

better cuts make better quilts®

Celebrity quilters, Alex Anderson & Ricky Tims agree

Better Cuts Make Better Quilts®

Look inside for the complete line of GO!® and GO! baby® products.

q: What can the revolutionary AccuQuilt GO!® Fabric Cutters do for me?

a: *Anything you can imagine!*

- **GO! cutters save time, cutting up to 90% faster than rotary cutters.**
- **Cutting is easy and takes little effort.**
- **GO! cutters offer accurate cuts every time.**
- **Safe to use as no blades come anywhere near your fingers.**

GO!® fabric cutters are must-have tools for your quilt studio. Save hours of cutting time and enjoy precise and accurate pieces so you can do what you love, creating beautiful quilts.

5 Ways AccuQuilt Is Changing Lives Through Quilting

• Create Quilts You Never Thought You Would

AccuQuilt makes cutting curvy classic quilt designs like Double Wedding Ring and Drunkard's Path a snap. If you never thought you would attempt to tackle these classic patterns because of the cutting ... now you can!

• Cut So Much More in Less Time

AccuQuilt dies are designed with multiple shapes so you can cut a large volume of shapes accurately and quickly. Cutting up to six layers of 100% cotton fabric at once makes it an efficient use of your time.

• Quilt More, Clip Less

No more clipping all those dog-eared corners. AccuQuilt GO! dies have dog-eared corners already removed including our rag dies. Spend more time quilting and no time clipping.

• Get More Out of Your Fabric

GO! dies with Two Tone™ foam make it easy to see the shape on the die board so quilters know exactly where the blades cut. Save fabric by placing your fabric only over the shape you wish to cut. Great way to use up scraps, too!

• No More Math

All our geometric shapes have an accurate ¼" seam allowance in the design. You no longer have to test your math skills when cutting half squares, quarter squares and other shapes such as parallelograms.

Helpful Tools for You in this Brochure

- 'Have' and 'Want' check boxes make it easy to keep track of your GO! library of products
- Green and Pink Stars indicate which dies are GO! and GO! Baby compatible
- Numbers next to dies indicate block sizes the die can create

geometric *shapes*

Geometric shapes coordinate together to make patchwork blocks. Dies include seam allowances and dog-eared corners for easier piecing. For best cutting results, place fabric on the lengthwise grain (straight of grain) as it goes under the rollers.
