Fabric Cutting Tips for a 5-color, 12" finished Blazing Star block:

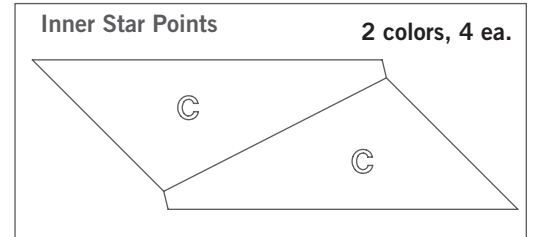

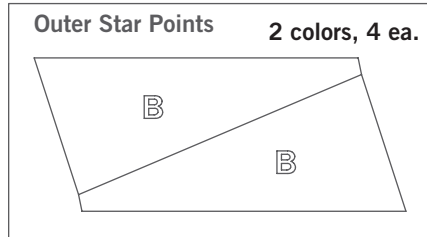

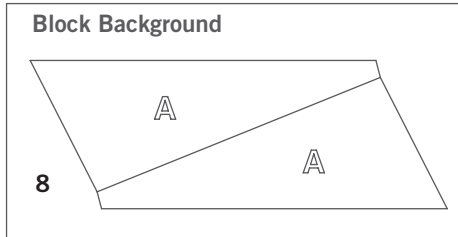

Place fabric over shapes then run through the cutter:

For best cutting results, position fabric on the lengthwise grain (straight of grain) as it goes under the roller. Tip: The die is specially designed to cut one complete 5-color 12" block in one pass through the cutter.

- **Fabric Color 1 (background):** Cut one 8¾" x 14" strip. Fanfold over shape A to cut 8 shapes (4 mirrored sets).
- **Fabric Colors 2 & 3 (Outer Star Points):** Cut two 3½" x 8" rectangles of darker fabric, then place right side up over shape B. Cut two 3½" x 8" rectangles of lighter fabric, then place right side down over shape B to cut 4 left points and 4 right points.
- **Fabric Colors 4 & 5 (Inner Star Points):** Cut two 3½" x 10" rectangles of darker fabric, then place right side up over shape C. Cut two 3½" x 10" rectangles of lighter fabric, then place right side down over shape C to cut 4 left points and 4 right points.

A word of fabric selection from Eleanor:

Select one fabric for background (Shapes A). Choose a medium and dark fabric in the same color for the outer points of the star that point to the corners of the block (Shapes B). Choose a medium and dark fabric in a second color for the inner star (Shapes C). One fabric should read solid from a distance and the second fabric should have some appearance of texture.
