### Fabric Cutting Tips for a 2-color, 8" finished Drunkard's Path block:

**Place fabric over shapes then run through the cutter:**

*For best cutting results, position fabric on the lengthwise grain (straight of grain) as it goes under the roller. Cut four layers at a time with two layers of the first fabric color and two layers of a second fabric color to cut two, 2-color blocks in one pass through the cutter.*

- **Quarter Circle:** Cut 3¾" strips across the width of the fabric. Fanfold into 6¾" widths. Place on selected blade and cut. Cut 10 quarter circles across the width of fabric. One yard of 40" wide fabric cuts 90 quarter circles.
- **Arc Shape:** Cut 5½" strips across the width of fabric. Fanfold into 7½" widths. Place on selected blade and cut. Cut 10 arc shapes across the width of fabric. One yard of 40" wide fabric cuts 60 arc shapes.
