### Fabric Cutting Tips for a 2-color, 12" finished Log Cabin block:

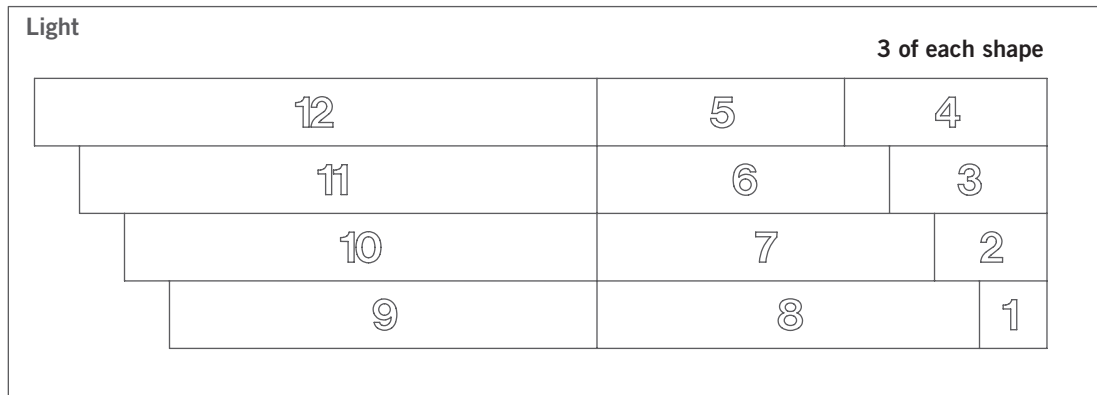

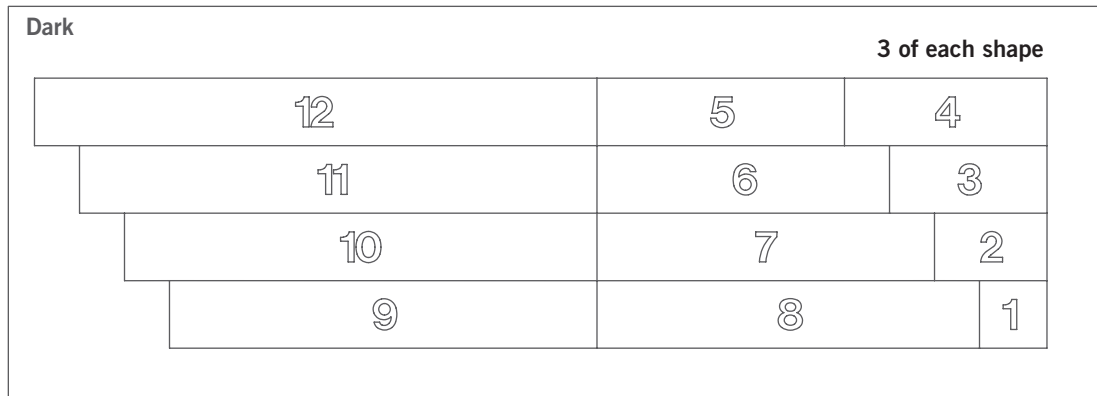

Place fabric over shapes then run through the cutter:

For best cutting results, position fabric on the lengthwise grain (straight of grain) as it goes under the roller. For three complete 2-color blocks, cut three layers of two different fabric colors at a time.

- Cut 23" strips across the width of fabric. Fanfold into 6½" widths. Place on selected blades and cut. Cut five block sets across width of fabric. One yard of 40" wide fabric cuts six block sets.
