## Fabric Cutting Tips for a 3-color, 12" finished Churn Dash block:

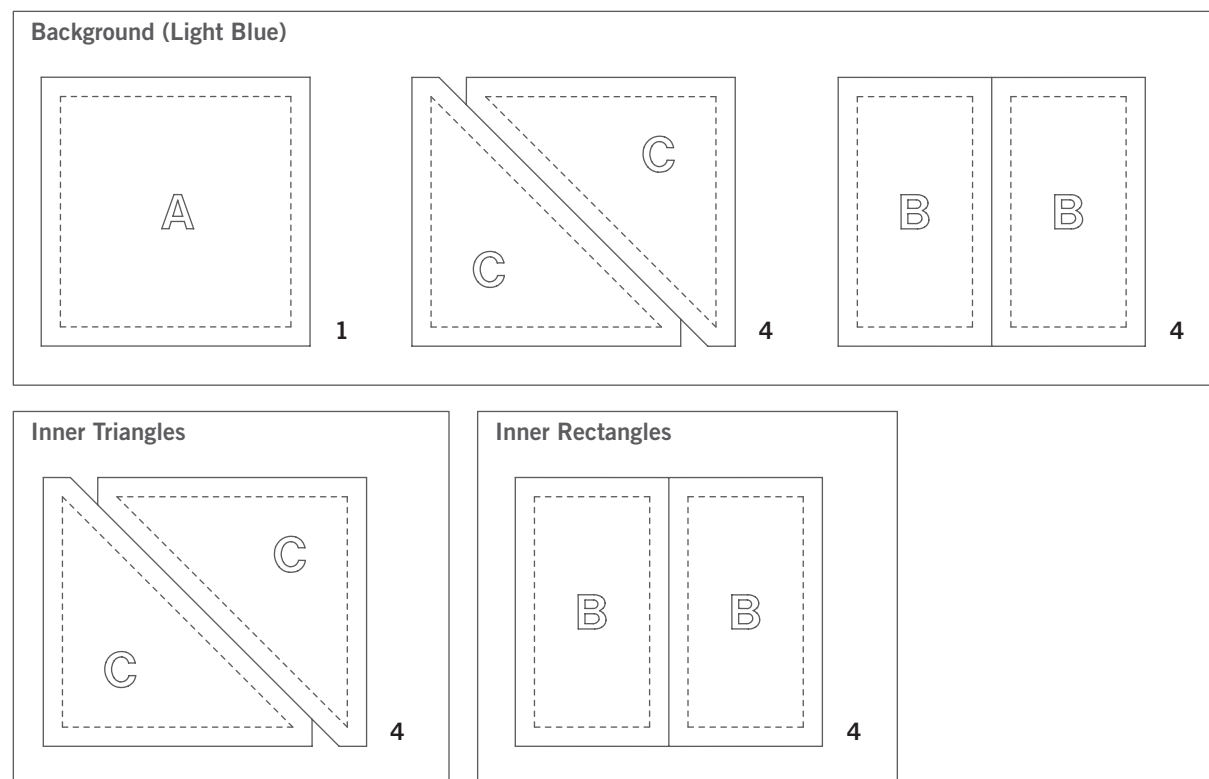

**Place fabric over shapes then run through the cutter:**

*For best cutting results, position fabric on the lengthwise grain (straight of grain) as it goes under the roller.*

**TIP:** To create Churn Dash Block: Cut two layers of background fabric and two layers of prints for the rectangles and the half square triangles. Cut one layer of fabric for the center square.

- **Center Square:** Cut a 5" strip across the width of fabric. Fanfold into 5" widths. Place on selected blade and cut. Cut eight squares across the width of fabric. One yard of 40" wide fabric cuts 56 squares.

- **Rectangles:** Cut a 5½" strip across the width of fabric. Fanfold into 9½" widths. Place on selected blade and cut. Cut 16 rectangles across the width of fabric. One yard of 40" wide fabric cuts 96 rectangles.

- **Half Square Triangles:** Cut a 5¾" strip across the width of fabric. Fanfold into 9½" widths. Place on selected blade and cut. Cut 16 half square triangles across the width of fabric. One yard of 40" wide fabric cuts 96 half square triangles.
