How to Sew the 5-color, 12" finished Basket of Lilies Block:

*For easy Y seams, be sure to mark your ¼" point on the wrong side of all pieces where they intersect. You will want to sew Shapes A, B and C by starting at the outside, sewing to the ¼" mark and stopping. Then flip the piece to sew from the outside to the center again. Do not overlap your stitches. Backstitching when stopping will help secure the seam.

Step 1

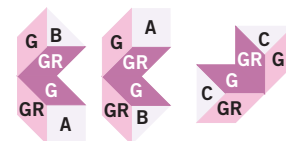

Sew G to GR pieces, making 2 sets of the first two and 1 set of the last two per the diagram in Step 10. Note: stop sewing ¼" from the top to allow for the Y seam in the next step.

Step 2

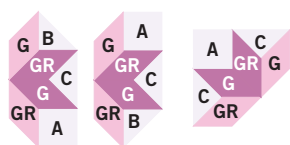

Sew pieces A, B and C onto your G/GR units, sewing a Y seam* and following the diagram for placement. Each lily is different and directional.

Step 3

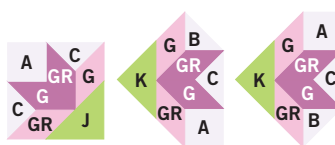

Sew the A/G/GR units to the B/G/GR units. You will have mirror images. Note: stop sewing ¼" from the edge to allow for the Y seam. Sew the C/GR/G units together, again stopping ¼" from the edge.

Step 4

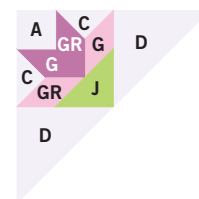

Sew Shape C to each A/B/G/GR unit as shown, using a Y seam. These are the side lilies. Sew your remaining Shape A onto the C/G/GR unit, using a Y seam. This is the center lily.

Step 5

Sew Shape J onto the center lily and a Shape K onto each of the side lilies:

Step 6

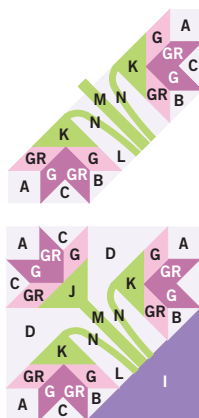

Sew Shape D onto either side of the center lily.

Step 7

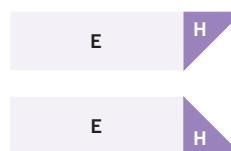

Apply fusible web to wrong side of fabric before cutting shapes M and N, fan folding over shape N when you cut, then applique onto Shape L. Download free embroidery to finish edges.

Step 8

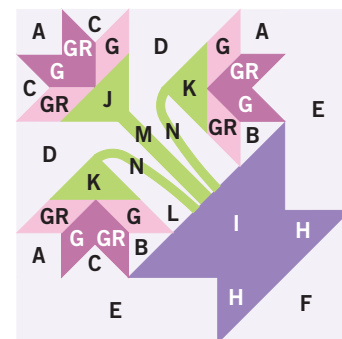

Sew the side lilies to the stem block. Sew the center lily and Shape I to this unit.

Step 9

Sew shapes E and H together following diagram.

Step 10

Sew E/H units to the block. Sew shape F onto block. Finished block should measure 12½" square.
