GO![®]

PINWHEEL
Perfection!

The GO![®] Pinwheel Shape Set-12" Finished die by Sew Steady is inspired by the popular *Pinwheel* Tool Collection by Leonie West, the visionary behind Westalee Design. Now part of the Sew Steady family, Westalee Design encompasses over 2,000 tools, templates and patterns, and the GO! Pinwheel Shape Set Die is the latest evolution of Leonie's creative legacy.

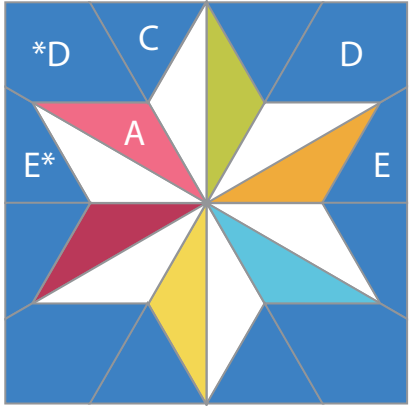

HOW TO USE THE GO![®] PINWHEEL SHAPE SET

Cut and combine the shapes on the die to create blocks like the 25 block ideas on the following page. Shapes can also be sewn together to make hexagon blocks, borders and more! Letters on the blocks coordinate with the ones printed on the die.

Choose a design.

Find the shapes needed on the design.

For the All Star block, you will need to cut shape A, C, D and E.

Use the chart below to rough cut fabric for each shape.

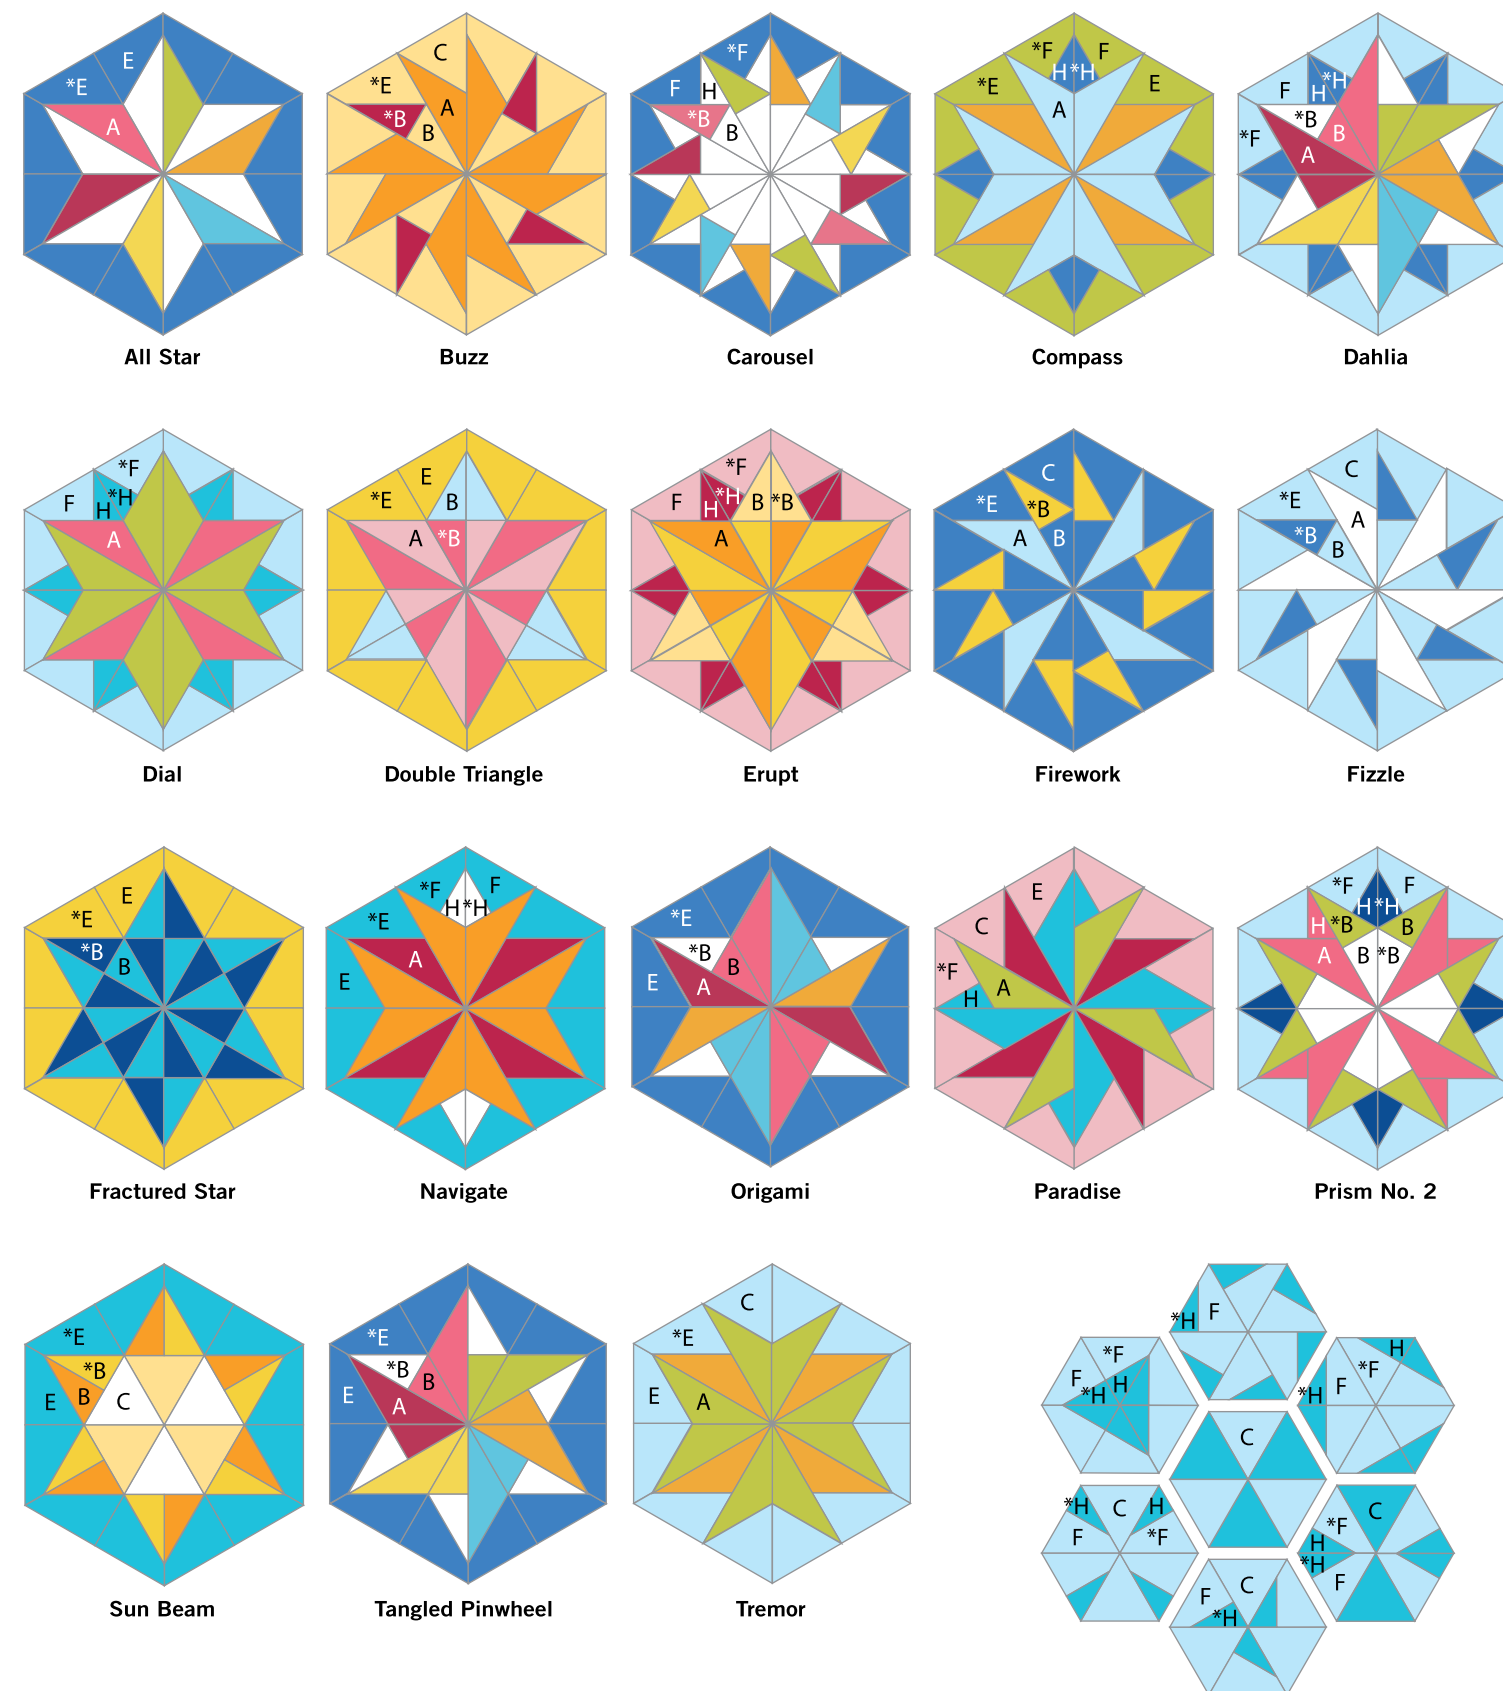

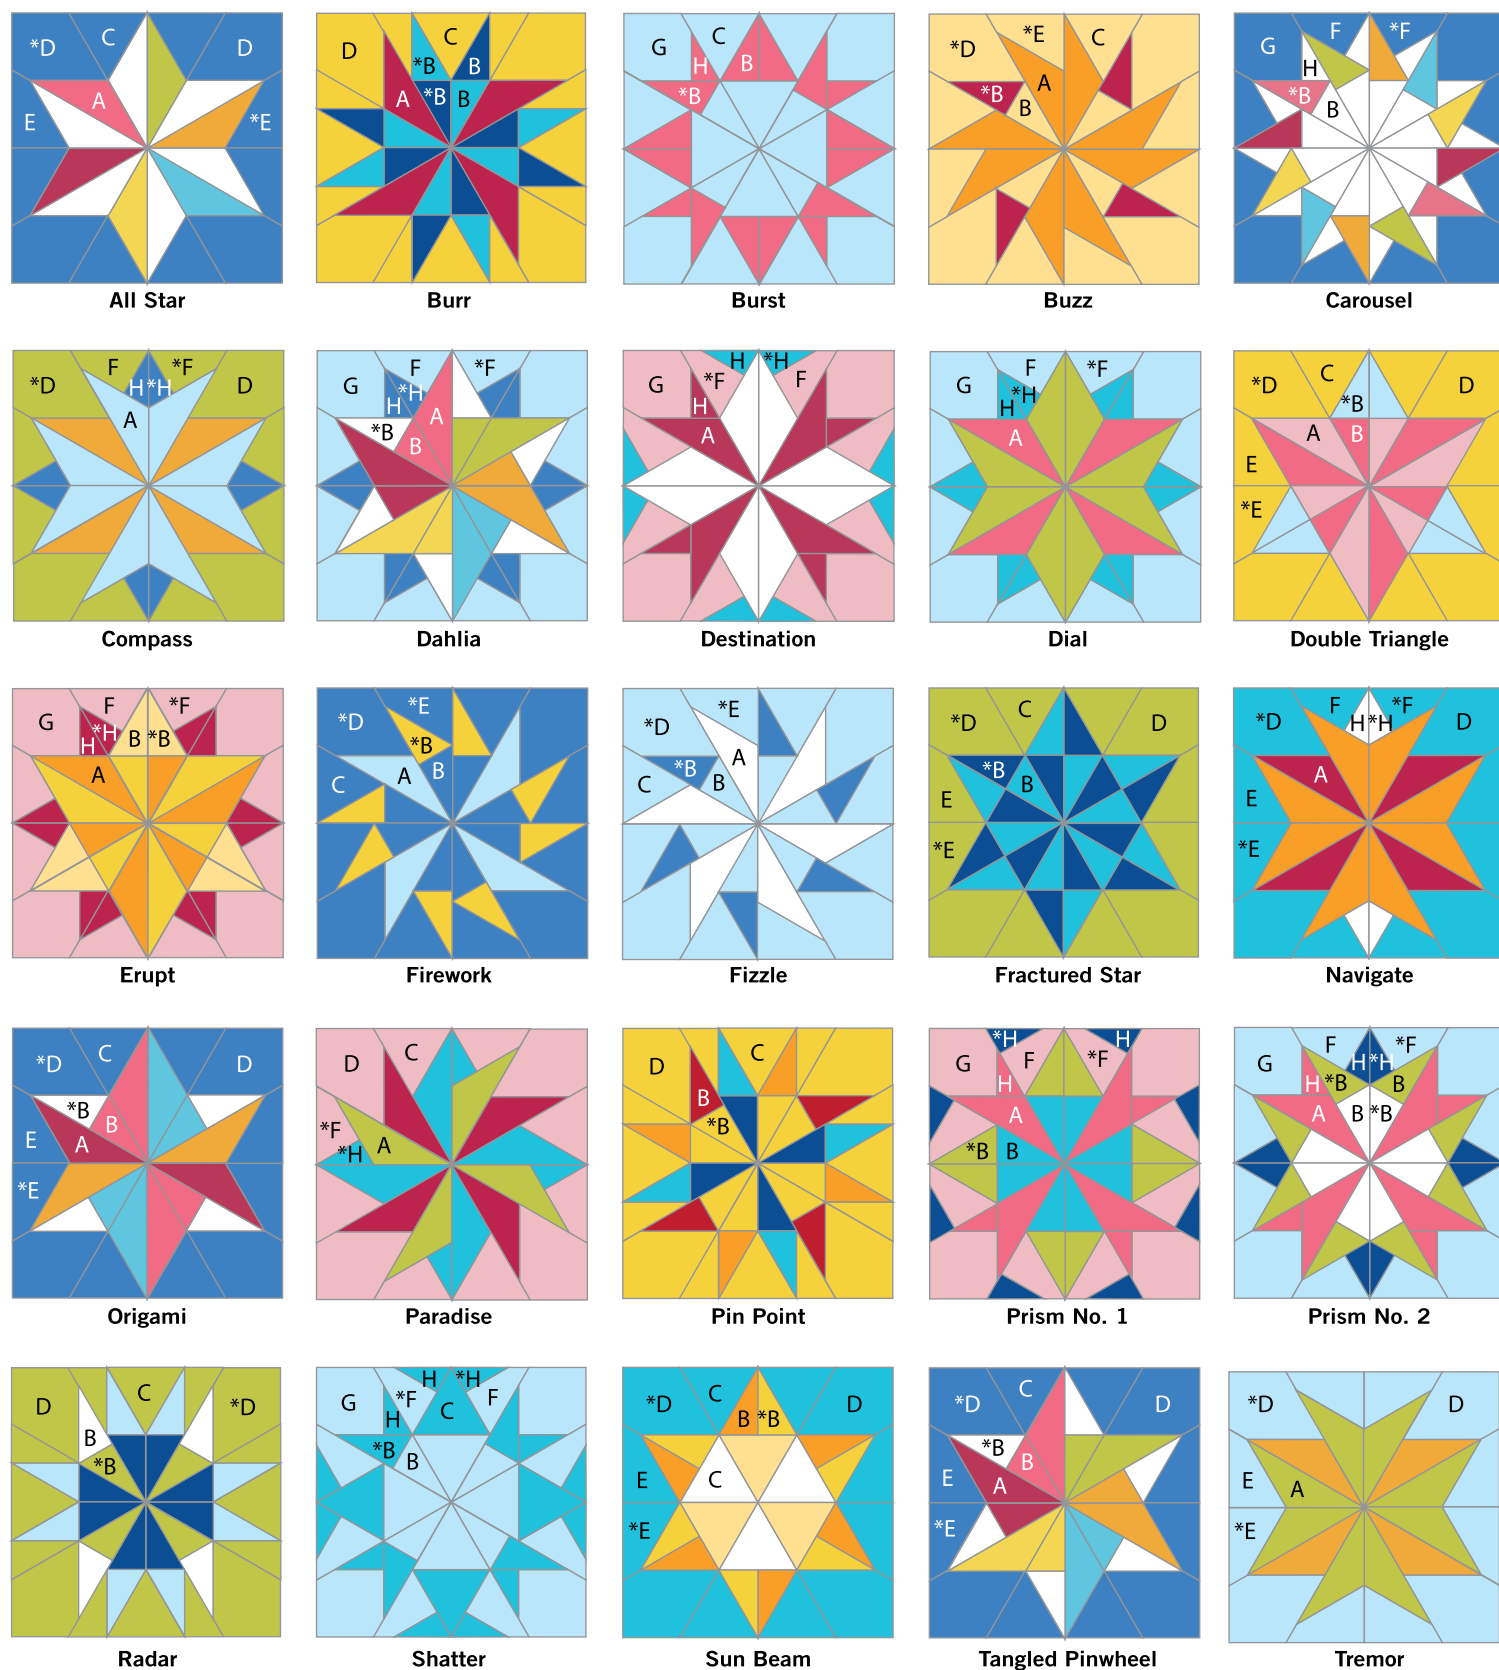

GO! PINWHEEL SHAPE SET-12" FINISHED by Sew Steady			
Shape Letter	Rough Cut	Shape Letter	Rough Cut
	7" x 2¾"		3½" x 4½"
	4" x 2¾"		4½" x 3"
	4½" x 4"		4" x 4"
	5⅜" x 4"		2⅜" x 3¼"

NOTE: Some shapes on the die are asymmetrical. Asterisk by letter indicates fabric needs to be placed right side down on die board.

It's So Easy to Create these 25 Quilt Block & Hexagon Block Designs!

Create a wide variety of 12" finished quilt blocks with these 8 shapes.
You can also create hexagon blocks shown on page 5.

GO!® Pinwheel Shape Set by Sew Steady
Works with most GO! Fabric Cutters

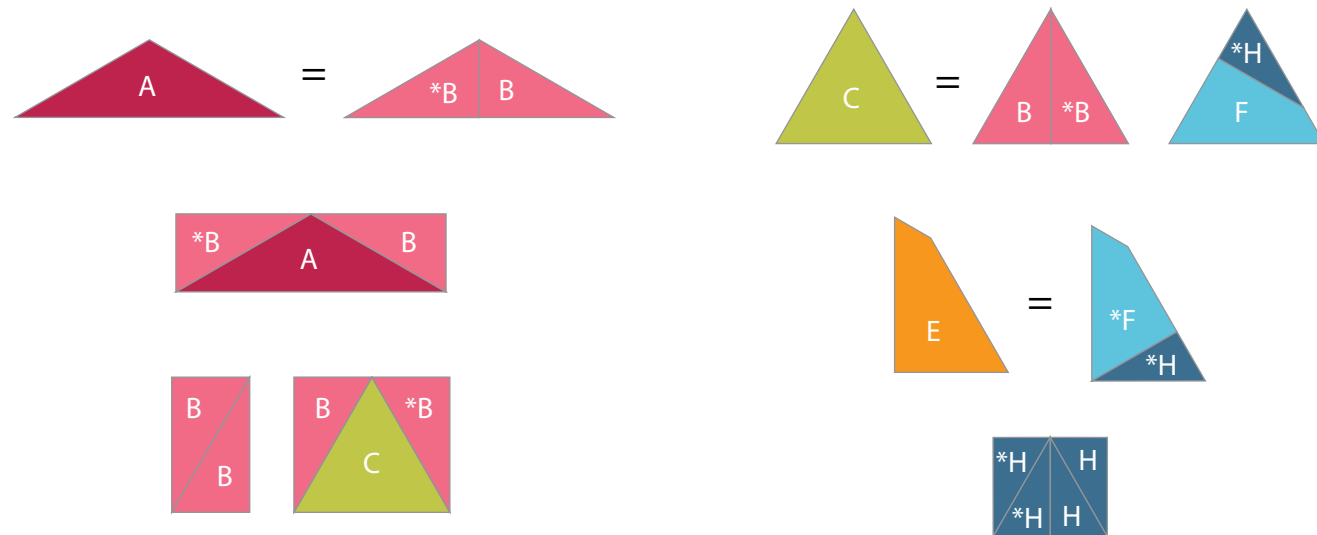

Spin Up Stunning Borders

Mix and match shapes A, B, C, E, F & H to create dynamic pinwheel-inspired borders with ease.
One die, endless design possibilities!

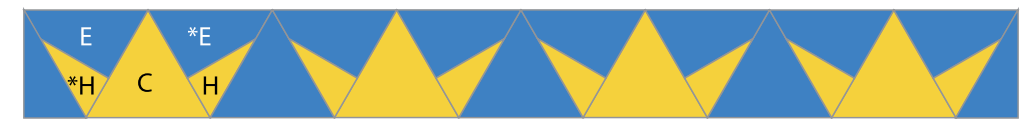

Combine the 8 shapes on this GO! die to build classic quilt units like triangles, squares and rectangles.

Whether you're crafting blocks or borders, these shapes are designed to work seamlessly – just, mix, match and sew!

*Place fabric right side down on die board.

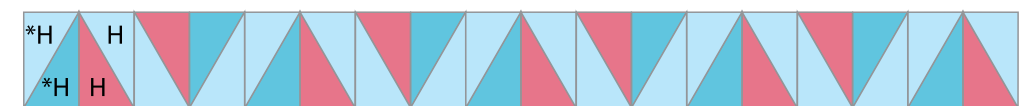

One die, Endless blocks and borders.
